SUMMARY

Front-End Developer and graduate from Michigan State University with a Bachelor of Science.

After volunteering in Thailand at a technical school and enrolling at Grand Circus, I know I have discovered my passion for software development.

Looking to blend my background with my passion and knowledge of development, helping you transform your ideas into a dynamic user experience.

EDUCATION

Bachelor of Science in
Kinesiology

**Michigan State University,
2014**

--

Front-End Developer
Bootcamp

Grand Circus Detroit
